

## Powerful Magnet Lifter แม่เหล็กยกงาน

- Widely used on machining,mould producing industry
- Using high-performance permanent materials.Strong in magnetic suction, patent circuit design.
- High safe factor,maximal breakway Force is 3.5 times rated lifting power
- "V" style design at the bbottom of lifter,can lift opposite round steel board.
- Without electricity,magnetic lasting popularity,more safety on using,aside may operated at open country

The characteristic of PML hoisting tool series: Easy,light,solid, with constant energy,and reliable.No matter in heavy industry or in light industry.

PML hoisting tools are the necessary tools for lifting the plain plate and round steel (machined piece or roughcast piece). In the actual application,it safe and easy to operate.

### Technical data

Model	Rated Lifting Weight (kg)	Max Pulling Weight (kg)	Dimensions(mm)				Dead weight (Kg)
			L	B	H	R	
PML-1	100	300	89	63	75	160	3
PML-2	200	600	120	67	80	160	4
PML-3	300	900	190	92	94	215	10
PML-4	400	1200	190	92	94	215	10
PML-5	500	1500	240	120	115	240	20
PML-6	600	1800	240	120	115	240	20
PML-8	800	2400	250	136	138	270	33
PML-10	1000	3000	300	136	138	270	35
PML-15	1500	4500	350	136	138	270	43
PML-20	2000	6000	390	160	168	368	65
PML-30	3000	9000	480	160	168	368	82
PML-50	5000	15000	570	230	220	490	200
PML-60	6000	17000	612	234	290	800	295
PML-100	10000	10000	840	300	240	1000	430

## Crane Scale เครื่องชั่งอิเล็กทรอนิกส์แบบเคาน์

### The Specification of Product

China factory best quality Digital remote crane scale

- Capacity from 600kg to 30T
- Easy operation and rugged construction
- Large bright red LED,display with wide view angle
- Integrative load cell,overloading safety up to 400%
- Hilo precision &Kg/lb swappable for either option
- Tare,Zero,Hold function
- Linear calibration help better precision
- Auto-Zero tracking,power saving mode
- One charge can be lasting upto 150 hours
- Lower power indication and auto power off
- Remote control distance over 20m

Model	Specification	Net.Weight(kg)	Volume (m3)
0.5T	0.5T	7	0.04
1T	1T	7	0.04
2T	2T	7	0.04
3T	3T	10	0.04
5T	5T	13	0.04
10T	10T	17	0.07
15T	15T	37	0.07
20T	20T	51	0.12

## Crane Scale With printer เครื่องชั่งแบบเคาน์

### Detailed Product Description:

Hebei Xiaopeng Hoisting Equipment Factory is growing with the aim at group, design,sales and installation,maintenance and service of state of art of lifting equipment.With the effort by our company Hengshui Tianqin Import and Export Trade Co.,Ltd,we export KTX brand products and other five family factories'products,more than 220 types to all over the world.

The Crane Scale series are direct-observation electrical steelyard,composed for hanger,high accuracy sensor, A/D transformer and monitor.

The monitor is so clear and bright with 30mm super bright digital tube that is can be read in distance,the steelyard can measure accurately, work for a long time and keep important data

Model	Specification
P5T	5T
P10T	10T
P15T	15T
P20T	20T
P30T	30T
P50T	50T
